

Sea Lions Swim Team

Parents Update May 29, 2021
Team Website: sealionsswimteam.com

Regular Practice Schedule this week:

Sunday 3:00 – 5:00 pm

Wednesday 2:00 – 3:30 pm

Practices are at Aquabears Pool (2045 W. Omar Drive)

Summer Sea Lions Practice. The registrations forms are available at the pool and are on the team website. We will be taking registrations during practices at the pool. The registration fee is \$45. Registration checks should be made out to Sea Lions Swim Team.

T-shirt Deadline: Wednesday (6/2) at the end of practice is the t-shirt deadline. All swimmers who are registered for the team will receive a t-shirt. Parents who would like to order additional T-shirts should check with Coach Jeanine immediately.

Mammoth Pool: The Town of Mammoth realized on Wednesday that they do not have the expertise to operate the Mammoth Pool. They have asked the Sea Lions to return to operate the pool this summer. We have begun the process of getting the pool chemistry back in control. The Mammoth Town Council is expected to approve a contract for the Sea Lions to manage the pool this summer at a Special Meeting on Wednesday (7 pm at Community Center). Once the contract is approved and the pool is ready we will begin holding practices in Mammoth on weekday afternoons.

Team Equipment Movement: Most of our team equipment is stored at Coach Alex and Wendy's house in Oracle. We will need several pickup trucks and a trailer to bring all the team equipment back to the pool. The biggest item is the reel with the lane lines on it and probably will need to be moved on a trailer. Most of the other items (Tables, Chairs, Kick Boards, Fins, Snorkels, Pace Clocks) can be moved in pickup trucks. We would like to begin loading equipment at 8 am on June 5.

Mammoth Pool Clean Up - Saturday June 5 8:30 am: We will need help to get the pool and facility clean and ready to open for team practices and public swim. This will require scrubbing algae in the pool, cleaning the deck, hallways, offices and bathrooms. We will also need to unload and set-up the equipment.

Summer Lifeguard Jobs: Anyone interested in working at the Mammoth Pool as Lifeguard will need to attend a **mandatory meeting** at the Mammoth Pool on Saturday June 5th at 4 pm.

June 12 Swim Meet against Aquabears: Our first meet is less than two weeks away in Tucson at the Aquabear's Pool. Warm up will be 8:00 am and the meet will begin at 9:00 am. Practicing, learning all the strokes, and being ready to swim many events are the keys to our success.

Swimming Lessons this Summer: It is unknown if beginning swimming lessons will be offered in Mammoth this summer. There is room on the swim team for all beginning swimmers. Encourage your friends to join.
